WHAT YOU MISSED *If you were absent*

Rotary on the Road took us to the Lime Creek Nature Center.

Our host, Todd Von Ehwegen gave us a short history lesson of the 50 year history of the C G County Conservation Board.

A recently installed wind turbine coupled with a solar panel is now operational supplying electrical power to the maintenance shop. This \$88,000 project also serves as an educational tool that is being used by area school students. A touch screen computer monitor displays the status of all the system components.
